

WHAT IS IREM?

The Institute of Real Estate Management (IREM) was founded in 1933 to establish a reliable, objective system of identifying quality property managers. Today, IREM is the nation's source of educational and professional recognition for all types of income-producing property managers. IREM is the only professional association comprised strictly of property management professionals. The organization offers education and certification, and proudly promotes the professional confidence of its membership. IREM is an association of more than 13,000 persons engaged in the field of property management who have met a stringent code of ethics, requirement in the areas of education, experience and commitment. It is the only professional association committed to serving all of the real estate industry, both commercial and residential. IREM awards three nationally recognized designations to qualified individuals and organizations:
